University of Oregon is on the **quarter system**.

Tuition amounts are from The University of Oregon's Office of the Registrar tables, found [here](#). University fees are lower than listed on the website's table due to an off-campus course fee waiver. Summer (and the following academic year's) tuition and fees are set in Spring Term and 2021 Summer tuition and fees should be posted by early April.

Field camp course fees cover the costs of transportation to and from Eugene to multiple field sites, meals and snacks, fuel, campsites and dormitories, maintenance of shared gear and equipment, and other expenses to make the camp run.

You will be required to provide your own transportation to Eugene, pocket money, supplies on the equipment list, and if you attend the Classic Mapping section of our field camp, you will be responsible for purchasing your own lunch supplies during that section.
